ARTICLE VIII – PROCEDURE FOR FUNDING GSA EVENTS
SECTION 1: ELIGIBILITY

A GSA event is defined to be any nonacademic event that is open to the entire GSA community. Any member of the GSA may request funding for a GSA event during the academic year.

SECTION 2: REQUESTING FUNDS

Any individual requesting funds for a GSA event must submit a “Funding Request Form.” These request forms can be located and submitted online at the GSA website. It is suggested that this form be submitted at least two weeks before the scheduled event.

SECTION 3: ALLOCATING FUNDS

After receiving the funding request electronically, the Treasurer shall inform both the President and Vice President of the request within 48 hours. These three elected officials will then make a decision regarding the request. During this time, any one of the officers may contact the requesting party to obtain information relevant to the event. A decision must be reached and accepted by two of the three officers within one week of receiving the request. The accepted decision will then be communicated to the requesting party by the GSA Treasurer.

A “positive” response is one which grants funding to the event. The GSA officers may decide to grant less funding than originally requested. Even if less money is allocated to the event, it will still be deemed a positive response. A positive response is given under the assumption that all members of the GSA will be contacted and informed of the event within five days of the event. If such contact is not made, the officers have the ability to deny reimbursement.

A “negative” response is one which does not grant any funding to the event. A negative response occurs by default if the officers cannot reach an agreement within one week of receiving the request. In this case, the requesting party is eligible to contact the Treasurer, obtain information regarding the decision process, and re-submit a funding request.

Possible reasons for receiving a negative response include:

1. Failure to meet the eligibility requirements
2. Inappropriate event themes
3. Lack of planning
4. Insufficient GSA funds available

SECTION 4: REIMBURSEMENT PROCESS

The GSA member submitting the funding request is the only individual eligible for reimbursement. Also, this individual can only be reimbursed for items that they can show proof of purchase for through itemized receipts that are not to exceed the amount of money granted through the allocation process. A reimbursement form, which can be found on the GSA website must then be completed, signed by the GSA treasurer, and submitted along with the receipts to the Graduate Studies Office.

Note: The reimbursement form along with the receipts must be turned in no later than a month after the date of the event. Failure to comply can result in no reimbursement.

ARTICLE IX – AMENDMENTS

SECTION 1: SUBMITTING AMENDMENTS

An amendment to this constitution can be submitted by any GSA member at any time throughout the academic year. Any individual wishing to submit an amendment should contact the GSA Vice President with their amendment in written form. This individual should also include adequate justification for proposing such an amendment.

SECTION 2: PROCESSING AMENDMENTS

Upon receiving a proposed amendment, the GSA Vice President shall contact other Executive Board members with all relevant details within 48 hours. The Executive Board has a fortnight to discuss the proposed amendment. During this time, any member of the Executive Board can contact the party proposing the amendment to obtain information relevant to the request. At the end of this discussion period, the GSA Executive Board must decide whether or not to bring this amendment to the GSA Council.

If the Executive Board passes this amendment to Council, then it will be ratified if at least 2/3 of the Council members vote in its favor. Otherwise, the amendment does not pass, no change to the constitution is made, and the party proposing the amendment can resubmit the amendment in the following semester.
If the Executive Board does not pass this amendment to the Council, then this amendment does not pass, no change to the constitution is made, and the party proposing the amendment can resubmit the amendment in the following semester.
